Creative Design. Quality Construction. Clear Communication.

Jay is the owner and founder of Fowler's Construction Company and has held a Contractor license in California since 1982. His experience in the construction industry ranges from new Custom Home Construction to Kitchen and Bathroom Remodeling to Custom Woodworking

Ashley joined the firm in 2014 and has been an interior designer for over 20 years. She is an expert in Kitchen and Bathroom Design.

Her expertise ranges from floor plan efficiency to material and color selections.

Fowler's Construction Company clients most often acknowledge the company's ability to bring innovative designs to life with great value. They most appreciate exceptional craftsmanship, well-managed budgets and the attention to detail and open communication that reduces their stress, respects their time and delivers the living experience they wanted.

Our Services

Fowler's Construction Company is a **Full Service, One Stop General Contracting firm** providing the following services with each contract:

1. Professional designs with personal attention
2. Experience your project with virtual 3-D walk-through reviews
3. Complete working drawings addressing all local requirements
4. Communication that lowers your stress and improves project efficiency
5. Professional project management with easy access to Jay and Ashley

Our Clients

"Jay. Thank you so much for the beautiful kitchen remodel. It far exceeded our expectations; on budget and on time. Your innovative ideas greatly added to the functionality. You were a pleasure to deal with and the craftsmanship is apparent to anyone who sees the job. We would recommend you to anyone that asked without reservation. We are now considering another project for you to do. Thanks again."

Russ & Cynthia Brickey

"We are thrilled with our new kitchen. Jay and Ashley were both a big help with the design process. Jay did a fantastic job coordinating all aspects of the remodel and did not start the demo until they were ready to start installation, minimizing our down time. He was always available to answer our questions and continually checked on the progress of work being done. His sub-contractors were all reliable and friendly, showing up on time and promptly taking care of any last minute changes."
